The People's Yoga
Wellness Space 855 N.
Failing Street

More information or to book a treatment visit:

milkywaywisdom.com

Milky Way Wisdom is a space dedicated to the practice and study of biodynamic massage & cranial therapy.

These are health centered therapies that support the inherent wisdom of your body, and are a perfect compliment to embodiment practices such as yoga, qigong and meditation.

Clients experiencing chronic pain, those with medical conditions seeking adjunct integrative health and heart centered nourishment, and others who arrived at a significant crossroad in life have also found profound support, and relief from this approach to wellbeing.
